

**EPA Region 6 Announces
Proposed Plan and Public Comment Period for the
Star Lake Canal Superfund Site
June 21, 2013**

The U.S. Environmental Protection Agency (EPA) will hold a public meeting to discuss the Proposed Plan for the Star Lake Canal (SLC) site. EPA, in consultation with the Texas Commission on Environmental Quality (TCEQ), evaluated a number of alternatives and identified the actions that EPA believes are the best way to protect human health and the environment. There are seven areas of the site proposed for remedial action.

EPA, in consultation with TCEQ, will consider the preferred alternative as well as other alternatives at the SLC Site after reviewing and considering all information and public comments or concerns submitted during the 30-day public comment period. The EPA and the TCEQ invite public comment on the Proposed Plan. There will be a public meeting held:

Thursday, July 11, 2013
6:00 pm – 8:00 pm
Effie & Wilton Hebert Public Library
2025 Merriman Street
Port Neches, TX 77651
409.722.4554

This meeting is being held in a fully accessible facility. Should you have specific needs or questions about the meeting facility, please contact Bill Little U.S. EPA Community Involvement Coordinator/SEE at 1.800.533.3508 (toll-free).

Public comments can be presented at the public meeting or can be submitted during the Public Comment Period from June 21, 2013, through July 20, 2013. All written comments should be addressed to: Gary Miller, Remedial Project Manager, U.S. EPA Region 6, 1445 Ross Avenue, Dallas, Texas 75202-2733 – email miller.garyg@epa.gov.

The Proposed Plan and the Administrative Record File are available for review at the following information repositories:

Effie & Wilton Hebert Public Library
2025 Merriman Street
Port Neches, TX 77651
